Retraction: Structure based sequence analysis & epitope prediction of gp41 HIV1 envelope glycoprotein isolated in Pakistan

Syyada Samra Jafri¹, Saliha Kiran², Syed Babar Jamal³ and Masaud Shah^{1*}

This article [1] is retracted by the Editor because the peer review process was compromised due to a referee's undeclared conflict of interest. Based on post-publication peer review the Editor cannot trust the veracity of the findings. We apologize to all affected parties.

Author details

¹Bioinformatics Research Group, National Center of Excellence in Molecular Biology, University of the Punjab, Lahore, Pakistan. ²Government College University, Faisalabad, Pakistan. ³International Islamic University Islamabad, Islamabad, Pakistan.

Submit your next manuscript to BioMed Central and take full advantage of:

- Convenient online submission
- Thorough peer review
- No space constraints or color figure charges
- Immediate publication on acceptance
- Inclusion in PubMed, CAS, Scopus and Google Scholar
- Research which is freely available for redistribution
